PROFESSIONAL SUMMARY

A dedicated and detail-oriented Computer Science graduate from MARA University of Technology (UiTM) with a 3.89 CGPA. Honoured with the Vice Chancellor Award for consistent Dean's List performance across all semesters. Currently excelling as a Junior PHP Developer for the past year, focusing on web and mobile development. My ability for rapid learning and a proven track record of academic and professional excellence define my unique value proposition. I thrive on tackling challenges, providing innovative solutions, and delivering tangible results to advance web development landscapes. Eagerly seeking a backend developer role to further enhance my skill set and contribute to innovative web projects.

RELEVANT EXPERIENCE

Junior PHP Laravel Developer

Appvolusi Sdn Bhd

Kajang, Selangor

Sept 2022 - Sept 2023

- Successfully led end-to-end project lifecycle as project manager, ensuring seamless client engagement, addressing requests, feedback, and requirements promptly, resulting in smooth project delivery and high client satisfaction.
- Proficiently utilized PHP, HTML, CSS Bootstrap, and JavaScript (chart.js) within Laravel framework, demonstrating expertise in both front-end and back-end development, emphasizing complex backend logic.
- Enhanced team efficiency through active participation in Agile/Scrum methodologies, engaging in sprint planning, daily stand-ups, and sprint reviews, leading to timely milestone achievements and sustained project momentum.
- Effectively managed multiple projects, guiding the entire project development lifecycle, from initial concept and ERD design to strategic database planning and creation of intuitive UI/UX designs, resulting in successful project deliveries.

Freelance Web Developer
Self-employed

Kajang, Selangor
Mac 2021 – Sept 2022

- Successfully developed a user-friendly web application with CRUD functionality, catering to internal business needs.
- Demonstrated proficiency in web development technologies, including PHP, HTML, CSS Bootstrap, and JavaScript, to create a robust and responsive user interface.
- Independently managed the entire project lifecycle, from conceptualization to implementation, ensuring seamless functionality and meeting client requirements.

Street Food Vendor
Fajmie Catering Sdn Bhd

Kajang, Selangor
Feb 2022 – Mac 2022

- Welcomed customers in a warm and professional manner, fostering strong rapport and cultivating positive relationships.
- Managed food preparation and service efficiently, showcasing excellent time management skills and ensuring customer satisfaction through meticulous order accuracy.
- Accommodated diverse dietary preferences and allergies among customers by developing a flexible menu and providing alternative options, leading to increased customer satisfaction and repeat business.
- Assumed responsibility for sales operations and successfully promoted products, leading to a remarkable 20% increase in sales.
- Efficiently managed inventory and supply ordering, implementing a systematic tracking system, and optimizing orders based on consumption trends, which reduced food wastage by 15% and achieved cost savings for the business.

Event coordinator
Wedding Galore Sdn Bhd

Bangi, Selangor
Jan 2022 - Feb 2022

- Collaborated with fellow event coordinators to ensure on-time delivery of personalized items (favors, signage) according to client specifications, showcasing strong teamwork.
- Orchestrated floral arrangements and decor, injecting creativity to make each event unique and unforgettable.
- Managed event logistics, ensuring seamless execution and prompt issue resolution, enhancing overall client satisfaction.
- Tailored event plans to clients' visions and needs, resulting in highly personalized and successful occasions.
- Meticulously managed event budgets, optimizing resource allocation for cost-effective yet memorable celebrations.

Nursery Worker
Ladybird Organic Farm

Broga, Selangor
July 2022 - Aug 2023

- Actively engaged in the preparation and planting process, developing expertise in planting bulbs, seeds, and cuttings, while nurturing plants' care and growth, demonstrating a strong commitment to self-improvement.
- Demonstrated initiative and worked independently, overseeing activities like soil preparation and plant maintenance.
- Maintained a clean and organized nursery environment by efficiently rolling and stacking sod, and expertly trimming grass, trees, and shrubs.
- Collaborated with fellow team members to achieve efficient daily operations and maintain a harmonious working atmosphere.

- Contributed to the farm's overall success by ensuring the health and vitality of plants, aligning with the farm's commitment to organic and sustainable practices.

Associate Grocery
Lotuss Stores (Malaysia) Sdn Bhd

Port Dickson, Negeri Sembilan
Nov 2019 - Feb 2021

- Strategically planned to maintain well-organized and visually appealing store shelves, ensuring accurate inventory levels, timely restocking, and proper branding and pricing for an enhanced customer shopping experience.
 - Actively engaged with customers to test electronic items, identifying potential issues or malfunctions, and providing effective solutions and assistance to enhance their satisfaction.
 - Employed clear and effective communication skills to guide customers through the testing process, ensuring their full understanding of how to use electronic items correctly.
 - Collaborated with the store team to optimize daily operations, contributing to a harmonious work environment and efficient workflow.
 - Demonstrated a strong commitment to customer service excellence, resulting in improved customer relations and increased sales for the store.
-

PROJECT

RESITKU, 2022

Skills: Laravel, teamwork, responsive design, admin panel development, financial report generation.

Projects: Designed and built a dynamic receipt management system, automating receipt categorization and enhancing efficiency. Collaborated on Resitku.com using Laravel, developed a responsive user dashboard, contributed to admin functionalities, and implemented profit and loss report generation.

NWCH, 2022

Skills: User interface design, system integration, module development, notification systems.

Projects: Created an integrated internal system for a corporate house, streamlining client bookings and incorporation services. Designed a user-friendly booking interface, developed modules for incorporation, and implemented a client notification system.

JOM SAY HEART, 2023

Skills: Healthcare system design, appointment automation, secure data storage, patient medical categorization

Projects: Crafted a comprehensive Patient Management System (PMS) for efficient patient bookings and medical data handling. Developed a user-friendly interface, automated appointment scheduling, and designed a secure medical data repository.

MY PENAWAR (University Project)

Skills: CRUD operations, user interface design, appointment management.

Projects: Created a hospital booking system for doctors and patients. Implemented CRUD functionality for appointments and designed user-friendly interfaces for scheduling and managing appointments.

WEB RESUME (University Project)

Skills: Proficient in HTML, CSS, and JavaScript.

Projects: Designed and developed a modern web-based resume, incorporating HTML, CSS, and JavaScript to create an eye-catching, interactive, and user-friendly experience.

Language : Native speaker of Malay, Professional working proficiency in English, Elementary proficiency in Hangul (Korean)

ACTIVITIES AND INVOLVEMENT

Islamic Grave Cleaning Project – UiTM Kuala Terengganu

Teluk Pasu , Terengganu

Head Coordinator of the Program

- Led a team of 30 participants in the Islamic Grave Cleaning Project, fostering bonds among members while promoting hygiene awareness and creating a more comfortable burial site for visitors.
- Orchestrated efforts to cultivate self-reflection, heightened awareness, and a sense of community responsibility, aligning with the project's objectives to strengthen participant relationships and enhance burial site comfort.

Mobile Legend Championship – KARISMA

UiTM Kuala Terengganu, Terengganu

Team Leader | 5th Place

- Led a dedicated team of esports enthusiasts as the Team Leader in the highly competitive Mobile Legend Championship organized by KARISMA. Although we finished in 5th place, the experience was invaluable in terms of teamwork, strategic planning, and quick decision-making.

Tutor for University Peers - Academic Club

UiTM Kuala Terengganu, Terengganu

- Acted as a dedicated tutor within the Academic Club, specializing in teaching subjects from the previous semester to fellow students.
- Focused primarily on tutoring in the field of calculus and various subjects related to my major in computer science.

Islamic Public Speaking - PPD Petaling Perdana

Shah Alam, Selangor

SMK Seksyen 19| Third Place

- Participated in the challenging Islamic Public Speaking competition held by PPD Petaling Perdana, securing a commendable Third Place. This experience not only honed my public speaking skills but also deepened my understanding of Islamic subjects and fostered self-confidence in articulating religious topics effectively.
